PROFESSIONAL STANDARDS REPORT

From the Chief

The members of the La Crosse Police Department are committed to our Mission: “Leaders in providing a safe and vibrant community.” Serving the La Crosse community with compassion, keeping our community safe, and meeting the needs of La Crosse’s citizens is paramount to carrying out our mission. Integrity, accountability, and transparency are critical in developing and maintaining community trust in our Police Department.

In 2020, the La Crosse Police Department established a resource on its website for community members to submit compliments and complaints online about the Department and its employees. The La Crosse Police Department takes the concerns of citizens and the sharing of praise very seriously.

The Department developed this report to communicate with our community the compliments and complaints received the prior year. To aid in transparency, this report highlights departmental awards; specific Compliments the Department received; a summary of our complaint process including classifications, dispositions, and levels of discipline; and finally, our complete Code of Conduct policy.

The men and women of the La Crosse Police Department are committed to serving the La Crosse community through engagement, relationship building, and problem solving. The La Crosse Police Department takes pride in the services we provide, but continually seeks ways to improve. This document represents that the adherence to our Code of Conduct is a significant tenet of serving the La Crosse community.

Sincerely,

Shawn P. Kudron
Chief of Police

Law Enforcement Oath of Honor

On my honor
I will never betray my badge,

my character,
or the public trust.

I will always have the courage
to hold myself and others
accountable for their actions.

I will always uphold the constitution,

and the agency I serve

Code of Conduct

The La Crosse Police Department believes the cornerstone of its effectiveness is public trust and faith in the police. One of the key components to accomplishing this is through the development of and adherence to a Code of Conduct. This Code of Conduct must be rooted in the La Crosse Police Department's Mission and Vision Statements, as well as the core Values.

Our Vision Statement describes what we seek to achieve. Our Mission Statement describes how our department will achieve that vision. Our Mission is based on our Core Values that represent what we stand for and how we will get the job done. These values reinforce one another and ensure that we are working together to serve our citizens.

Our General Order Manual details standard practices for most situations likely to be encountered in the course of our duties. The agency recognizes that police work is inherently complex; therefore, not all situations can be covered in even the most comprehensive general order manual. In these situations, our decisions and actions must be guided by our core values. For this reason, it is essential that all members be familiar with our values and Code of Conduct.

The Code of Conduct is not limited to an officer on duty, but off duty as well. A breach of this Code can erode public trust and bring discredit upon the agency, as well as the entire law enforcement profession. Breaches of the Code, whether on or off duty, may lead to investigation and discipline by the agency.

An investigation into a breach of the Code of Conduct will take into consideration the degree of neglect or deliberate fault of a member and the severity or nature of the misconduct. The investigation will be prompt, thorough, and impartial.

Unsolicited Compliments

Throughout the year, citizens, businesses, and local organizations reach out with messages of support and compliments for our staff for jobs well done. These often come through a phone call, email, or a letter.

We also have an internal method wherein staff can share examples of good work by other staff through a positive Field Notice or Supervisory Note.

In 2025, citizens used our online Compliments and Complaints electronic form to provide great feedback for our department. We received 11 compliments and 21 complaints regarding our staff.

These are several examples of the unsolicited compliments received in 2025 through letters, emails, calls or online:

Online Submission

Our young driver was involved in a hit and run. We would like to thank the Officer for how he handled the incident. It was our young driver's first accident and the Officer was very kind and considerate with our son and his two companions.

Written Letter

I was driving to my grandson's soccer game when my transmission went out. I was not able to find a ride to the game, but the responding Officer found one for me! I have never experienced a police officer do so much to help in a situation like this. It meant so much to me and he was so very kind and determined to help me find a way there. Your officer made such a great impact on me and my day.

Online Submission

I had an incident where my landlord forgot I lived in his building. He called and threatened to tow and fine me for trespassing. The Officer who came to the call was very nice in helping to "pump the breaks" and trying to contact me. He was kind and understanding throughout the chaos and confusion. I am grateful that this Officer went above and beyond what was originally asked of him.

Supervisor Commendation

A Facebook post was shared with the Police Department that showed an Officer handing food to a person sitting on the sidewalk. The person that took the photo wanted to thank the officer. After some investigation, I was able to determine which officer and was able to provide him with a commendation. His actions were exemplary of our Code of Conduct, specifically Community Policing, Respect and Professionalism.

Online Submission

My son's very special, adaptive three wheel bike was stolen. The Officer responded within 30 minutes, took information, and then following the tire tracks from my home. He later received a tip that my son's bike had been found. He called me immediately. I never thought our bike would be recovered. We are so, so grateful to the Officer for his compassion and the work he did for my son and our family.

Complaints

As a Department, we take complaints very seriously in our effort to achieve the level of professional policing expected by our citizens.

In 2025, the La Crosse Police Department addressed a total of 49 complaints, of which 20 were initiated by a supervisor and 29 were initiated by citizens. Disposition

Completed inquiries and internal investigations shall be classified using the following guidelines:
